Shine and Protection for your Car

MaxiClean³

MyCar MaxiClean³, is an innovative ecologically safe product that is used to wash cars without water. It is ideal for application after a rainfall when the car is stained, without scratching the paint. Its antistatic characteristics avoid dust adhesion to the paint, allowing it to have a clean and bright surface for a longer time.

Characteristics:

- Removes dust easily
- The cleaned surface becomes shiny
- Allows cleaning without water
- Contains silicones that facilitate the cleaning of the surface
